

# ISOCELL® Z-wall

The perfect solution for  
your natural ventilation  
combining **TRANSPARENCY**,  
**INSULATION** and **RIGIDITY**!

 **ISOCELL**<sup>®</sup> Z

An innovation from  
**SECCO**

# ISOCELL® Z-wall

**DO AWAY WITH THE ICE AND THE COLD WITH THE UNIQUE TECHNOLOGY OF ISOCELL® Z-WALL**

Nearly **2X** the insulating power of **ANY** other system on the market today!

## THE MULTI-WALL ISOCELL® Z-WALL OFFERS:

The "Z" membrane inserted inside two films by the ISOCELL® Z-wall technology offers the possibility to manufacture this unique ventilation wall while having multiple insulating cells.

This new insulated barrier of the Multi-Wall ISOCELL® Z-wall minimizes the heat transference of the colder external air and the warmer interior air cells.

By eliminating the heat transfer, the new Multi-Wall ISOCELL® Z-wall is the most insulating, economical and efficient system on the market!

- 2X more insulation R3.0 (U1.9)
- Excellent luminosity
- Increased reliability
- Elimination of ice formation
- Stronger, more solid core structure
- Improved lowering of the membrane due to the Z design
- Continuous opening up to 10 feet (3 m) and double opening up to 20 feet (6 m)
